PROPOSED ADDITION OF WHITE COLOR FOR TRIM ON SHEDS

On lot 137 The shed trim is white. The board is wanting to know if you approve of adding this color as a choice for the trim color. The sheds on the homeowners lots will have a choice of the green or the white. If a majority like the new option a color number will be given to those wishing to paint their trim white with a color swatch so it can be matched and all sheds with white trim look alike. If the majority do not want that to be an option the shed on lot 137 Will be painted green to match all existing sheds.

If you have not looked at the shed on lot 137 please take time to do that and get back to us by E-mailing us at [dprova@gmail.com](mailto:dprova@gmail.com).

A YES vote means that it will be approved.

A NO vote means that it will not be approved and the shed on lot 137 will paint the trim green to match existing trim on sheds in the park.

If Pam was able to talk to you in person and you let her know what you thought please note that we still need your vote in E-Mail form  
10 days from receiving this E-Mail.

Thank you for your consideration on this.
